

**Otter Lake Water Commission
Executive Session Minutes**

September 13, 2016

McWard vs. OLWC

On September 8th, Judge Deihl heard our request to reconsider our motion to dismiss. He did not rule from the bench but did take the request under advisement. The judge has requested both sides to submit proposed orders for consideration. Based on the court docket the judge will not look at any proposed orders until the beginning of October. This case will not move forward before then and may drag on until 2017.

Andrea Hanney
